# CAPTIVA MDF BARN DOORS

CAPTIVA

Captiva MDF Barn Doors combine traditional stile and rail construction with environmentally-friendly MDF to offer an alternative to all-wood or molded interior doors.

Our barn doors come primed and ready to paint with a pre-routed groove for the bottom floor guide. Doors are 36" x 84" x 1-3/8" (to fit openings 28" to 34") and come with a 5 Year Warranty.

Captiva Doors are engineered and handcrafted in New England. By sourcing a local manufacturer, you not only reduce the carbon footprint of your job, you help employ local craftsman.

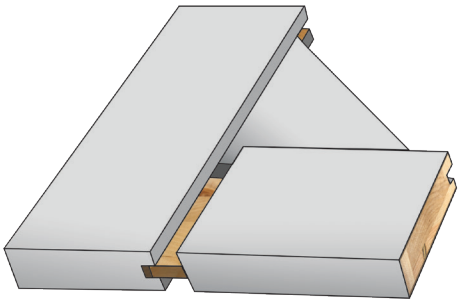
## CONSTRUCTION

True mortise & tenon joinery and solid wood core with MDF veneer

Both the stiles and rails have a solid wood core to provide greater strength and stability. The MDF veneers on the stiles and rails allow for a smooth and consistent paint finish. Panels are solid 1/2" MDF. Utilizing traditional mortise and tenon joinery, all pieces are hand fit together with industry's finest adhesives on all connections.



SQUARE STICKING WITH
1/2" FLAT PANEL
